Super Screed

What is it?

- **CES Super Screed is a Self Levelling Floor Screed which is a replacement for traditional semi-dry floor screed**
- **Its delivered on-site in truck mixers**
- **It is a cement & aggregate based screed with special properties that enable the mix to flow and self level**
- **The floor area to be screeded is expected to be sealed 'Tanked' and depths prepared by contractor/customer**
- **CES Supply & Lay Team use a screed pump to position the material up to 100 metres from the delivery point**

***Is ideal for floors which have underfloor heating.
Also the perfect solution for laying screed on the first floor of a house.***
