

## CES Lightweight Insulation Block

CES Quarry Products Ltd is the approved stockist of Quinn-lite high insulation thermal block to service customers in the Down and greater Belfast areas.

Quinn-lite stock is held in our yards ready for collection or delivery. Quinn-lite can be delivered as part of a load with CES dense concrete block.

## QUINN-lite Thermal Block

The QUINN-lite thermal block is an autoclaved aerated block and is one of the most energy efficient building blocks available. The microcellular structure provides a wide range of desirable properties including excellent thermal performance, light weight, fire, frost and moisture resistance.

QUINN-lite are manufactured to BSEN 771-4:2003 specification for masonry units – part 4: autoclaved aerated concrete masonry units.

All QUINN-lite products are certified by the BBA (British Board Agreement) and the IAB (Irish Agreement Board).

Technical data and advice is offered from CES, with the full backup of the Quinn experts.

## QUINN-lite Thermal Performance

Wall Element	Render	CES Concrete Block	Cavity	Quinn Therm Insulation	Quinnlite B5 Block	Plaster
Thickness (mm)	15	100	≥25	75	150	12
Calculated U Value	0.20					
Wall Element	Render	Quinnlite B5 Block	Cavity	Quinn Therm Insulation	Quinnlite B5 Block	Plaster
Thickness (mm)	15	100	≥25	60	150	12
Calculated U Value	0.20					
Wall Element	Render	Quinnlite B5 Block	Cavity	Quinn Therm Insulation	Quinnlite B5 Block	Plaster
Thickness (mm)	15	150	≥25	75	100	12
Calculated U Value	0.18					

**Doran's Rock**, 124 Crossgar Road, Saintfield, Co Down, BT24 7JQ

**Moneyreagh**, 163 Moneyreagh Road, Castlereagh, Co Down, BT23 6BH

Open 8 – 5 Monday to Friday & 8 – 12 Saturday
