

Original cement based liquid
screed supplier and installer
for Northern Ireland

**FLOOR
FINISHES**

by

Commercial Cemfloor

The Perfect Partner

Cemfloor is ideal for commercial and large multi-residential projects, as well as, high volume pour area work because:

- Guaranteed SR1 finish (excellent flat finish).
- Can fast track projects if they are falling behind.
- Up to 1000m² can be installed in one day.
- Flatter finishes achieved compared to traditional screed.
- Reduced floor heights, saves money. The more floors you have to work with the more money can be saved on a commercial project. A great way to reduce costs.
- It is the fastest drying liquid screed on the market.
- Provides a multitude of options to apply floor covering quicker by using products such as liquid DPMs at 97% RH or flexible adhesives.

From SR1 Finish to Tiling

Cemfloor produces an SR1 finish which can be tiled on after 5 days. It is compatible with all floor coverings, and cement based adhesives.

CES Quarry Products Ltd offer a 20 year guarantee on Cemfloor.

Bal Ltd (Ardex/Dunlops), Market leaders in tile adhesives provide a 25 year guarantee when used with Cemfloor.

Complete Commercial Solution

We offer a complete commercial solution from: initial site meeting and cost estimate, total floor preparation, to Cemfloor installation and attentive aftercare. We can also supply a polished floor finish if required.

Why Compromise?

- Cement based liquid screed
- Can be used in wet areas
- Market leading thermal conductivity
- No need for expensive primers
- Cut project costs by saving on reduced floor heights

Project Feedback

Castleton Design

Chris Cummings : Architect

*'Where were you six months ago?
This is the answer to the problems caused
by other liquid screeds (that use calcium
sulphate). We had a disaster of a job on
a critical care unit which cost £60,000 to
repair. I will be recommending Cemfloor
from now on which is cement based'*

Killowen Contracts

Maurice McGivern : Director

*Maryland Nursing Home -
5000m² of Cemfloor.
'I would highly recommend Cemfloor for
its fast track nature. Time saved, allowed
us to progress much quicker onto other
areas of the job.'*

At CES we believe quality of product and quality of service are key as we all know time is money!
